ABSTRACT

This publication is a directory of Florida libraries and related organizations, and contains statistical data for Florida public libraries for fiscal year 1994-95. The report lists members of the State Library Council, Florida State Advisory Council on Libraries, Florida Library Network Council, Staff Directory, State Library of Florida Statistics, and the Florida Library Information Network (FLIN), all of which comprise the Department of State, Division of Library and Information Services. The directory also lists library association, graduate library schools, and library networks and multi-type cooperatives; and public, academic, special, and institution libraries, and district media personnel. Summary statistics and detailed public library statistics are provided for fiscal year 1994-95. Public library statistics include data on the following: access to library service (number of outlets, square feet, and Sunday hours); library staff (full-time equivalents, salaries, and benefits); operating income (totals and percentage by source); operating expenditures (totals and percentage by category, per capita, and capital outlay); collections (total, per capita, serials, book and serial titles, volumes, government documents, microforms, audio recordings, and video recordings); library use (circulation, turnover rate, visits, reference transactions, programs, program attendance, registered borrowers, interlibrary loan, and mediated online searches); and public library cooperatives (selected fiscal and use data). An alphabetical index of personnel is also provided. (SWC)

Public Library Statistics Summary, Fiscal Year 1994-95

STATISTICAL ANALYSIS FOR FLORIDA PUBLIC LIBRARIES, Fiscal Year 1994-95

Data were compiled from forms distributed annually to public libraries in October 1995. Eighty-eight public library administrative units reported, serving an unduplicated population of 13,348,527. Ten libraries serving 363,678 did not report statistical data for fiscal year 1994-95. The total unduplicated population served by public libraries was 13,712,205. The total state population was 14, 149,317.

Reporting public libraries in Florida circulated 70,109,292 items to 6,540,143 registered borrowers through 424 service outlets.

Reporting libraries have 1,192 librarians with master's degrees in library science on staff. Additional staff total 3,784, and there are 752 regularly scheduled volunteers. Staffing is expressed in full time equivalents.

The libraries offered 32,466,794 items to 13,520,588 residents of legal service areas, or 2.4 items per capita. Circulation per capita was 5.19, and each item circulated an average of 2.16 times during the year.

Revenue for FY 95 totaled $255,457,827 and was received from four main sources: Local (municipal and/or county governments), 85.78%; State of Florida, 9.79%; Federal government, 1.02%; and other, 3.41%.

The libraries reported a total operating expenditure of $234,511,361; $17.34 per capita for legal service populations; $16.54 per capita for total state population.

Population figures were taken from *Florida Estimates of Population, April 1, 1995,* prepared by the Population Program, Bureau of Economic and Business Research, College of Business Administration, University of Florida, February 1996.

The Bureau of Library Development provides individualized data service to local libraries to aid planning and evaluation efforts. Florida's Public Libraries: A Data Digest

Introduction and History

This Digest is provided by the Florida Department of State, Division of Library and Information Services, to assist public library planners, administrators, governors, and funders in strengthening public library service for residents throughout the state. Data herein are for the fiscal year 1995 — October 1, 1994 through September 30, 1995.

The Bureau of Library Development has been collecting data on library use, resources, and finance since 1949 and has published the *Florida Library Directory with Statistics* every year since 1951. The bureau also reports data to the U.S. Department of Education, National Center for Education Statistics, providing a national perspective on our libraries.

The first *Florida Library Directory and Statistics 1950-1951* is a 34-page, mimeographed, stapled publication that lists 135 libraries of all types, including one that "serves islands in Charlotte Harbor by book-boat." It includes public library data on expenditures, number of volumes, and circulation.

In 1950:

- Florida's public libraries spent $1.138.361: 41 cents per person.
- They held 1.741.319 volumes: or .62 per person.
- They checked out 4.130.838 volumes: 1.49 per person.

Forty-five years later, the *1996 Florida Library Directory with Statistics* is a 200-page compilation, listing more than 700 public, academic, special, and institution libraries and reporting on 98 public library data elements that are collected annually.

In 1995:

- Florida's public libraries spent $234.511.361: $17.34 per capita. The national average is $19.16.
- They held 32.466.794 items: 2.4 per person. The national average is 2.7.
- They checked out 70.109.292 items: 5.19 per person. The national average is 6.47.
- They answered 25.728.602 questions: 1.28 per person. The national average is 1.06.

Library Use in Florida

Library Use	Totals	Per Capita
Circulation	70.109.292	5.19
Reference Transactions	25.728.602	1.28
Library Visits	52.189.469	3.86
Program Attendance	3.785.765	0.28
In-library Use	51.378.234	3.80

Floridians check out more than 70 million books, videos, magazines, and other items every year.

Visits to public libraries last year averaged more than three per person. More than 50 million people walked in public library doors.

Public libraries filled more than 25 million requests for information in 1994-95. Information such as the annual rainfall in Tibet...who has the record for most home runs hit in the World Series... facts and figures for a term paper on the life and times of Oliver Wendell Holmes...consumer health questions...help with job skills.

Over 2 million children and adults attended programs presented by public libraries: summer reading programs, book talks, finance seminars, classic films, how-to sessions on surfing the Internet.

In-house use of library materials topped 50 million in 1994-95. When we wanted the closing price of our favorite blue chip stock, needed to know special resources for our learning disabled child, or just wanted to listen to a little music — we knew where to turn.

Children's	Totals	Per Capita
Program Attendance	1.956,674	.14
Circulation	9.139,917	.66

More than 1.9 million children attended toddler, preschool and school age programs at their libraries. Libraries are the most important educational resource for preschoolers throughout the state. Most of our 430 library outlets hold regular storytimes for children. Circulation of children's materials is over 8 million items per year.

Library Resources: Books, Buildings, and People

Library Collections & Facilities	Totals	Per Capita
Square Feet	5.528.570	.41
Volumes	32.466.794	2.40

Florida's public libraries are among the most accessible public agencies, open every week for an aggregate of 963.386 hours: an average of 53 hours per week. Many libraries are open evenings and weekends: some are accessible by computer and modem 24 hours a day.

Our libraries hold over 32 million items, over 2 and a half per person. Besides books, this includes videos, magazines, music recordings, books on tape, toys, and computer programs.

Florida's libraries total 5.528.570 square feet — roughly two for every five of us. At today's average cost of $83 per square foot, library buildings represent a capital investment of nearly $460 million.

People are the most important library resource in Florida. Almost 5.000 staff members deliver library services: 1.192 have masters' degrees. Thousands of volunteers deliver the equivalent of an additional 752 full time staff.

Library Finance

$ Public libraries are an important component of the economy, recirculating millions of tax dollars into the community. An often-quoted rule of thumb suggests that every dollar invested in cultural institutions yields $4.00 in local and regional economies.

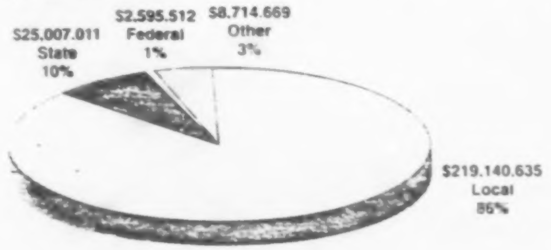
Income

Library Income	Totals	Percentage of Total
Income (Total)	$255.457.827	
Local	$219.140.635	86%
State	$25.007.011	10%
Federal	$2.595.512	1%
Other	$8.714.669	3%

Library Income	Per Capita	National Avg. Per Capita
Income (Total)	$18.89	$20.65
Local	$16.21	$16.11
State	$1.85	$2.58
Federal	$0.19	N/A
Other	$0.64	$1.73

$ Florida's public libraries received more than $255 million dollars for FY 1994-95. Florida is the fourth most populous state-yet we ranked 30th among the states in per capita library income for FY 1993.

$ A 1993 Gallup Poll indicated that the majority of Americans of all ages, education levels, ethnicity, and community prominence agree that public libraries are of great value as community and educational institutions and should be funded at much higher levels-close to $38.00 per person.



$ Florida's libraries are community-funded: more than 86 cents of each library dollar comes from local government.

$ State aid and federal money provide a needed edge for innovative programs. In some parts of the state, federal and state funds enable libraries to stay open.

Expenditures

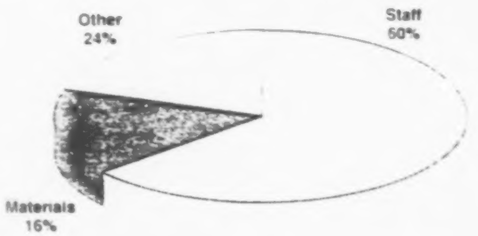
Library Expenditures	Totals	Percent
Expenditures	$234.511.361	
Staff	$139.972.114	60%
Materials	$38.480.211	16%
Other	$56.073.036	24%

Library	Per Capita	National Avg.
Expenditures	$17.34	$19.16
Staff	$10.35	$12.51
Materials	$2.85	$2.87
Other	$4.14	N/A

$ Nationally, Florida ranks 32nd in total operating expenditures per capita, though the fourth largest state in population.

$ Florida's libraries spent more than $234 million last year: $17.34 per person. The national average expenditure is $19.16.

$ Public libraries' investment in technology, bricks and mortar-capital outlay-in 1994-95 was $19.9 million.



$ Florida libraries spent more than $20 million on printed materials last year-books and magazines. Spending on all materials added to our collections reached over $38 million.

The Bottom Line: Our Libraries Provide An Extraordinary Return On Investment

"Our freedoms and our system of government depend in no small measure on citizens' free access to the recorded history stored up on the shelves of our public libraries." Whitney North Seymour

Florida's Public Libraries:
A Few Facts

- Every day, more than 142,000 people walk through the doors of Florida's libraries.
- Nearly 2 million children each year go to story hours, after-school programs, toddler and preschool storytimes at their public libraries.
- Florida citizens borrow more than 70 million books, videos, and sound recordings from their libraries every year — if they had bought them, they would have spent $1.4 billion.
- More than six and a half million Florida households have active library cards.
- Public library services cost only an average of $17.34 per person — a dinner out, a month's worth of daily coffee breaks.
